LA County Library is pleased to announce it will reopen an additional 21 libraries and 3 bookmobiles for select in-person services beginning the week of June 7, as Los Angeles County continues to operate in the yellow tier of the State’s [Blueprint for a Safer Economy](#). The scheduled reopening will raise the total number of reopened brick and mortar libraries to 81 across LA County.

LA County Library will safely reopen its libraries at 75% capacity, while also maintaining 6-feet of physical distance for customers. In preparation for reopening additional doors to the public, LA County Library is continuing to work diligently to ensure safety protocols are met and appropriate preventative measures are in place.

The additional libraries that are scheduled to reopen are part of a phased reopening plan that prioritizes library openings based on geographic location, building availability, and the ability to accommodate physical distance guidelines and Public Health protocols.
