LA COUNTY LIBRARY

Activity Idea

FLOWER CRAFT TO CELEBRATE SPRING!

Recommended for Ages 4 – 10

You will need the following materials:

- Small piece of cardboard
- White paper
- Crayons/markers
- Button or circular piece
- Scissors
- Glue

Directions

Step 1: Using a small piece of cardboard cut 1 stem about 1x6' inches. The stem should look like a large popsicle stick.

Step 2: Using white paper cut two strips 1x12 inches each. Decorate strips.

Step 3: Draw one or two leaves on the extra white paper. Cut and color.

Step 4: Take one strip and make into a circle by gluing the ends together. Pinch the middle until it looks like a bow. Do the same with the other strip.

Step 5: Glue one bow on the stick. Place the remaining bow perpendicular to the other bow.

Step 6: Glue button or circular piece and leaf onto the craft stick.
