Activity Idea

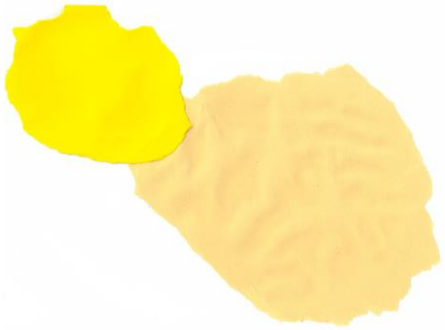
Torn Paper Monster

Recommended for Ages 5 – 8

You will need the following materials:

- Paper
- Glue
- Any recycled pieces of paper

Let us have fun creating our very own monster using pieces of paper you find around the house. You can use magazines, newspapers, or any paper you like. The only rule is that you cannot use scissors, everything you add to your monster must be torn.



First tear a large piece of paper to create the body. Then tear another large piece to create the head like this:

Glue down your pieces if you like.

Now it is time to add some details. You can add claws, scales, a tail, or crazy hair. Be creative!

Here is my monster, now it's your turn!
