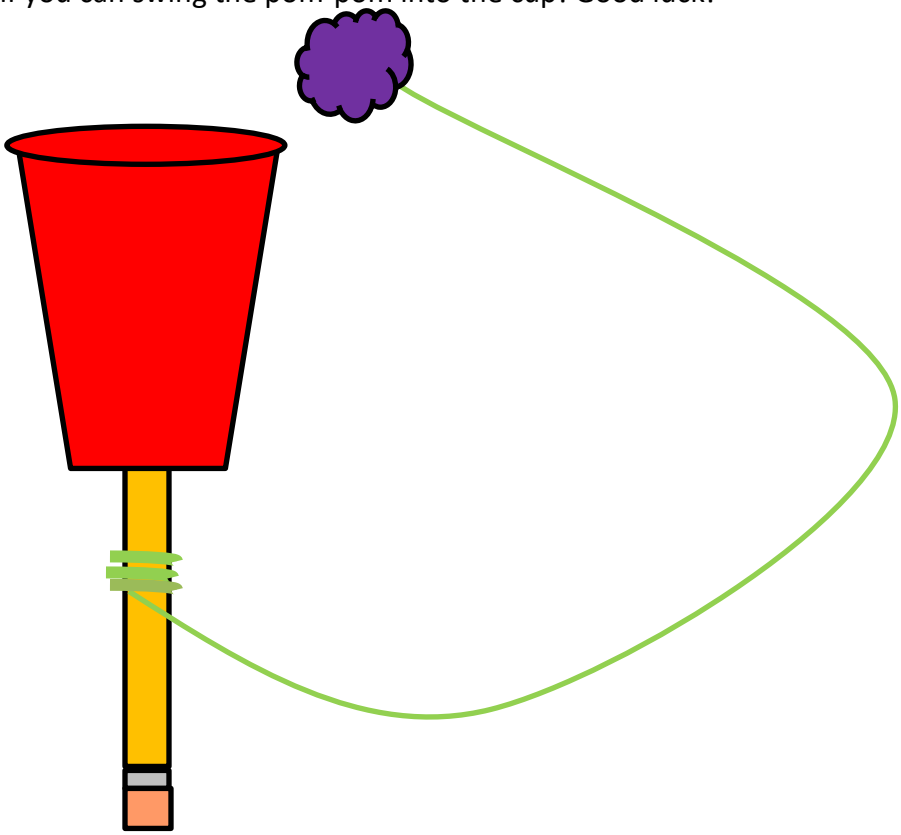
# Activity Idea

## POM-POM IN A CUP GAME

*Recommended for Ages 5 – 9*

**Items Needed:**
Paper or plastic cup, pencil, scissors, string, school glue, and a pom-pom

**Instructions:**


1. Poke a small hole in the bottom of a cup that is just big enough to put a pencil through.
2. Tie a string to the pencil under the cup. Make sure to cut the string long enough that it can reach inside the cup.
3. On the other end of the string, glue or tie a pom-pom ball to the string. Let it sit until the glue dries.
4. The object of the game is to see if you can get the pom-pom into the cup. Hold on to the cup by the pencil, swing the cup forward and then back to you in a swinging motion to see if you can swing the pom-pom into the cup! Good luck!
